

Please follow these guidelines to ensure your use of the Granify logo is consistent with our branding specifications. Thank you!

- Do not crop, resize, grayscale, or otherwise modify these files. They are to be used as-is. Contact us if you require a different file format or size.
- Do not use the logo at sizes smaller than 175 x 75 pixels. Contact us if you require smaller graphics.
- The word-mark must appear on either the white (#FFFFFF) or dark teal (#09262D) background. Do not place the word-mark on a transparent or different color background.
- PNG is the only acceptable format for bitmap graphics. Do not convert to JPG, GIF, or any other file format.
- Use vector formats for print material. Do not print bitmap graphics.

Please contact press@granify.com if you have any questions about these guidelines.
